

ZipWP Black Friday Deal 2025: Grab 41% OFF All Plans Instantly!

Black Friday is here, and if you've been waiting for the perfect moment to launch your dream website, this is it!

ZipWP's Black Friday sale is absolutely massive this year, offering a whopping 41% discount across all plans.

Whether you're a solopreneur just starting out, a freelancer juggling multiple clients, or an agency looking to scale, ZipWP's AI-powered WordPress site builder is about to become your best mate.

I've been following their deals for years, and honestly, this is one of the most generous offers I've seen from them.

Let's dive into everything you need to know before this brilliant opportunity slips away!

Quick Deal Overview

Here's what you need to know right now if you're in a rush:

 **Sale Duration:** Ends Very Soon – Only 10 Days Left!

 **Maximum Discount:** 41% OFF All Plans

 **Plans Covered:** Starter, Pro, and Business (all annual subscriptions)

 **Pricing Starts At:** \$9.99/month (normally \$16.99/month) when billed annually

 **Bonus Value:** Up to \$1,348 in FREE extras with Business plan

 **Deal Link:** [Grab Your ZipWP Black Friday Deal Here](#) – No coupon needed, discount applies automatically!

 **Money-Back Guarantee:** 7-day full refund policy

This is genuinely a steal if you're serious about building professional WordPress websites without the usual headaches. The best part? You can try their free version first before committing, so there's literally zero risk involved.

About ZipWP

ZipWP is an intelligent WordPress website builder that harnesses the power of AI to create fully functional, professional-looking websites in minutes rather than days.

Think of it as having a skilled web developer, copywriter, and designer all rolled into one platform that works at lightning speed.

What makes ZipWP stand out in the crowded website builder market is its unique approach to site generation.

You simply describe your business or project, and the AI creates complete WordPress sites with tailored pages, layouts, professional copy, and relevant images.

It's perfect for solopreneurs who need to get online quickly, freelancers managing multiple client projects, bloggers wanting to focus on content rather than design, and agencies looking to streamline their workflow.

Users absolutely love ZipWP because it eliminates the technical overwhelm that typically comes with WordPress. No need to mess about with themes, plugins, or confusing settings.

The platform handles the heavy lifting whilst giving you full customisation control. Plus, it includes managed WordPress hosting, so you don't need to worry about separate hosting providers, security updates, or performance optimisation.

Everything's handled in one place, which is brilliant for anyone who values their time.

The platform has already powered over 4 million websites globally, which speaks volumes about its reliability and effectiveness.

From the same trusted team behind some of WordPress's most iconic products, ZipWP brings enterprise-level features to everyday users at prices that won't break the bank.

Why This Black Friday Sale Is Worth It

Let me be straight with you – this year's ZipWP Black Friday deal is genuinely special, and here's why it deserves your attention.

First, that 41% discount applies across the board. We're not talking about a small starter plan discount whilst premium plans stay expensive.

Every single plan gets the same generous markdown, which is fairly rare in the hosting and website builder space.

When companies offer Black Friday deals, they often limit the best discounts to entry-level plans, but ZipWP isn't playing that game.

Let's break down the actual savings:

Starter Plan: Normally \$204/year, now just \$120 for your first year. That's \$84 saved – enough to cover your coffee budget for a couple of months!

Pro Plan: Usually \$408/year, slashed to \$240 for your first year. You're pocketing \$168 in savings, which could pay for several other business tools.

Business Plan: Regularly \$612/year, now only \$360 for your first year. That's a massive \$252 discount, PLUS you're getting \$1,348 worth of bonus software (SureForms Pro and SkillJet Membership) absolutely free.

What really impresses me about this deal is the value stacking with the Business plan.

When you add up the 41% discount plus the free bonuses, you're essentially getting \$1,600 worth of value for \$360.

That's not marketing fluff – those bonuses are actual premium products with real standalone prices.

Another reason this sale stands out? The hosting quality you're getting at these discounted rates.

ZipWP includes managed WordPress hosting with unmetered visitors, NVMe storage on higher plans, automated backups, and free domain names.

Most budget website builders charge extra for these features or don't offer them at all.

I also appreciate that ZipWP maintains transparency about renewal pricing. They're upfront that renewals happen at full price, which shows honesty.

Many competitors hide that information, leaving customers shocked when renewal time comes. At least here, you know exactly what you're getting.

How to Buy ZipWP During the Sale

Snagging this Black Friday deal is refreshingly straightforward. Here's your step-by-step guide:

1 Visit the Deal Page

Head over to the [ZipWP Black Friday sale page](#) using this special link.

The 41% discount is already baked into the pricing displayed, so you'll see the reduced rates immediately. No hunting for coupon codes or jumping through hoops.

2 Choose Your Perfect Plan

Browse the three available plans – Starter, Pro, and Business. Take a moment to compare what each offers. If you're just starting out or building a single site, Starter works brilliantly.

Freelancers typically gravitate towards Pro for the extra sandbox sites and blueprints.

Agencies and professionals who want the complete package (plus those incredible bonuses) should seriously consider Business.

3 No Coupon Needed

This is the beautiful bit – you don't need to apply any coupon code! The discount applies automatically when you select annual billing.

The promotional pricing is already reflected in the checkout, making the entire process smooth and hassle-free.

4 Complete Secure Checkout

Fill in your payment details through ZipWP's secure checkout system. They accept all major credit cards and process transactions through trusted payment gateways.

Your account activates instantly, and you'll receive your login credentials via email within minutes.

Pro tip: If you're still unsure, start with ZipWP's free plan to test the waters. You get 2 AI site generations and 2 sandbox sites active for 24 hours, which gives you plenty of time to explore the platform.

Once you're convinced (and trust me, you will be), you can upgrade to a paid plan whilst the Black Friday discount is still active.

Remember, you've got a 7-day money-back guarantee backing your purchase, so there's genuinely no risk. If the platform doesn't meet your expectations, simply request a refund within the first week.

Plans & Pricing Breakdown

Let's dig into the nitty-gritty of what each plan offers and how much you'll actually pay during this Black Friday bonanza.

Starter Plan – £9.99/month

Regular Price: \$16.99/month

Black Friday Price: \$9.99/month (billed annually at \$120 for the first year)

Renewal Price: \$204/year

The Starter plan is absolutely perfect for solopreneurs, bloggers, and small businesses building their first website. It strips away complexity whilst delivering everything essential for a professional online presence.

Building Features:

- AI Site Generator for instant WordPress site creation
- 2 Sandbox Sites for testing and experimentation
- Access to Premium Designs (no cheap-looking templates here)

Hosting Features:

- 1 live site hosting included
- 10 GB storage (plenty for most small sites)
- Unmetered visitors (no traffic limits or overage fees)
- 7 days backup retention for peace of mind
- Free domain name for the first year

This plan handles the basics brilliantly. If you're launching a personal blog, portfolio site, or simple business website, Starter gives you professional results without the professional price tag.

Pro Plan – £19.99/month

Regular Price: \$33.99/month

Black Friday Price: \$19.99/month (billed annually at \$240 for the first year)

Renewal Price: \$408/year

Designed specifically for freelancers looking to enhance productivity and streamline their workflow, the Pro plan ups the ante considerably.

Building Features:

- AI Site Generator with more monthly generations
- 5 Sandbox Sites (great for juggling multiple client projects)
- Access to Premium Designs
- 5 Site Blueprints for faster project starts

Hosting Features:

- 1 live site hosting
- 10 GB NVMe Storage (faster than standard storage)
- Unmetered visitors
- 14 days backup retention (double the Starter plan)
- Free domain name included

The jump from Starter to Pro makes sense if you're working on multiple projects simultaneously or need that extra sandbox space for client testing. The NVMe storage upgrade also delivers noticeably faster loading times, which matters for user experience and SEO.

Business Plan – £29.99/month

Regular Price: \$50.98/month

Black Friday Price: \$29.99/month (billed annually at \$360 for the first year)

Renewal Price: \$612/year

This is the crown jewel, built specifically for agencies and professionals who want to save time and streamline processes at scale.

Building Features:

- AI Site Generator with maximum monthly generations
- 20 Sandbox Sites (perfect for agency workflows)
- Access to Premium Designs
- 20 Site Blueprints
- AI Site Planner (exclusive to Business plan)

Hosting Features:

- 1 live site hosting

- 10 GB NVMe Storage
- Unmetered visitors
- 14 days backup retention
- Free domain name

Business Features:

- Invite Team Members for collaboration
- Priority support

FREE Bonuses (Total Value: \$1,348):

- **SureForms Pro (1 Year)** – Worth \$149: AI-powered form builder that creates complex forms from simple text or voice prompts
- **SkillJet Membership** – Worth \$1,199: Full access to SkillJet Academy's expert-led courses for growing agencies and small businesses

The Business plan represents incredible value, especially with those bonuses included. If you run an agency or manage websites professionally, those additional tools alone justify the upgrade. The AI Site Planner is also a game-changer for project planning and client presentations.

All pricing is in USD, and you can change plans or cancel your account anytime. The flexibility is genuinely refreshing compared to many competitors who lock you into rigid contracts.

Extra Perks & Features

Beyond the core plans, ZipWP packs in several bonuses and features that elevate the entire experience:

AI Wireframe Generator

This planning tool is honestly brilliant. Describe your project in a short prompt (like "digital agency website"), and ZipWP instantly suggests a complete site structure – Home, About, Services, Portfolio, Blog, Contact, plus relevant subpages.

You can edit the wireframe, share it with clients for feedback, then convert it directly into a functional WordPress site. It's like having a site architect in your pocket.

Free Domain Name

All plans include a free .com domain for the first year, which removes one more barrier to getting started. If you already own a domain, you can easily connect it instead.

Either way, you're not paying extra for what should be a basic inclusion.

Managed WordPress Hosting

This is massive. ZipWP handles all the technical hosting stuff – security patches, WordPress core updates, performance optimisation, and server management.

You focus on building and creating content whilst they keep everything running smoothly behind the scenes.

Unmetered Traffic

Unlike many budget hosts that throttle your site when traffic increases, ZipWP offers truly unmetered visitors.

If your content goes viral or you run a successful marketing campaign, your site keeps performing without surprise overage fees or forced upgrades.

Automated Backups

Your sites get backed up automatically – 7 days retention on Starter, 14 days on Pro and Business. If something goes wrong or you need to restore an earlier version, you're covered without paying for third-party backup plugins.

Premium Design Access

All plans include access to ZipWP's library of premium designs. These aren't amateur templates scraped from free repositories – they're professionally crafted designs that look modern and convert visitors.

Free Plan Available

Not sure if ZipWP is right for you? Their free plan offers 2 AI site generations and 2 sandbox sites (active for 24 hours). It's a proper try-before-you-buy option, not a watered-down teaser that leaves you frustrated.

World-Class Support

ZipWP's support team is available 24/7 to answer questions and troubleshoot issues. They're backed by the same team that's supported millions of WordPress users globally, so you're getting experienced professionals, not outsourced script-readers.

Documentation & Community

Access a rich library of documentation, tutorials, and video guides covering every aspect of the platform. Plus, join a thriving community of users who share tips, templates, and advice.

FAQs

When does the ZipWP Black Friday sale start and end?

The Black Friday sale is happening right now and ends very soon – you've got only 10 days left to grab this 41% discount. Don't wait until the last minute, as the deal disappears once the timer hits zero, and prices return to regular rates.

Do I need a coupon code to get the discount?

No coupon needed! The 41% discount applies automatically when you select annual billing during checkout. Simply visit the deal page through the special link, choose your plan, and the promotional pricing will already be reflected. It's refreshingly simple.

Is this discount valid for plan renewals?

The 41% discount applies to your first year only. When your plan renews, it'll be at the standard annual rate (Starter: \$204/yr, Pro: \$408/yr, Business: \$612/yr). However, your first-year savings are substantial, and you can cancel anytime if you decide not to continue.

Can I upgrade my plan later if I start with Starter?

Absolutely! ZipWP offers complete flexibility. You can upgrade from Starter to Pro or Business at any point. You can also downgrade at renewal if your needs change. There are no lock-in contracts keeping you trapped in a plan that no longer fits.

What happens if ZipWP doesn't work for me?

ZipWP offers a 7-day money-back guarantee from your first purchase. If the platform doesn't meet your expectations or work as promised, simply contact their support team within the first week for a full refund. Plus, you can try their free plan first to test the waters before spending anything.

Conclusion

The ZipWP Black Friday Deal 2025 represents one of the best opportunities this year to launch or scale your web presence without breaking the bank.

That 41% discount across all plans, combined with the incredible bonus value on the Business tier, creates a genuinely compelling offer for anyone serious about building professional WordPress websites efficiently.

Whether you're a solopreneur taking your first digital steps, a freelancer managing multiple clients, or an agency looking to streamline workflows, there's a plan here that fits your needs at a price that's honestly brilliant.

With managed hosting, AI-powered site generation, unmetered traffic, and world-class support all included, you're getting enterprise-level capabilities at startup-friendly prices.

Time's ticking though – you've only got 10 days left before this deal vanishes and prices return to normal.

Don't let analysis paralysis cost you hundreds in savings. [Grab your ZipWP Black Friday deal now](#) and start building the websites you've been dreaming about.

Remember, you've got that 7-day guarantee backing you up, so there's literally no risk in giving it a go. Happy building! 🚀
